Q. What is the Financial Inclusion Index (FI-Index) for the period ending March 2021, introduced by the RBI?

A) 53.9  
B) 55.5  
C) 57.1  
D) 59.4

Answer- A

- The Reserve Bank of India has created a composite Financial Inclusion Index (FI-Index) to capture the extent of financial inclusion across the country.
- The announcement regarding the creation of the Financial Inclusion Index was made in the first Bi-monthly Monetary Policy Statement for 2021-2022 on April 7.
- The annual FI-Index for the period ending March 2021 is 53.9 against 43.4 for the period ending March 2017.

About FI-Index:

- The FI-Index will be published annually in July every year.
- The FI-Index has been conceptualized as a comprehensive index, incorporating details of banking, investments, insurance, postal as well as the pension sector, in consultation with government and respective sectoral regulators.
- It also captures information on the financial inclusion aspects in a single value ranging between 0-100, where 0 represents complete financial exclusion and 100 indicates full financial inclusion.
- The FI-Index comprises three broad parameters — Access (35%), Usage (45%), and Quality (20%), with each of these consisting of dimensions computed based on many indicators.

Answer- D

- The **theme** for World Photography Day **2021** is **Pandemic lockdown through the lens**.
- However, people are encouraged to click their Selfies and upload them on social media handles with a tagline as “World Photography Day”.
Photography is a very important medium of storytelling. It conveys emotions instantly and sometimes more effectively than words. With the rapid advancements in camera technology, it has become one of the primary modes of communication in the digital world. On this day, photographers come together to celebrate the creativity and nuances of photography that captivates us for years.

The day traces its origins to 1837 when the first-ever photographic process, the ‘Daguerreotype’ was developed by the Frenchmen Louis Daguerre and Joseph Nicphore Niepce. On January 9, 1839, the French Academy of Sciences announced this process, and later in the same year, the French government purchased the patent for the invention and gave it as a gift, “free to the world.”
